These special models had various levels of options factory installed to appeal to different target groups. Argentina. The fifth-generation F-Series was introduced in Argentina in 1968, where it remained in production until circa 1973. Was made in the following models: F-100, F-350 the medium duty truck F-600 and the F-700. It remained almost on par with the US range, without major chronological mismatches, in terms of the renewal of the range.

Ford F-Series (fifth generation) - Wikipedia

NOTE 1: The consecutive numbers for trucks were assigned just like Ford cars in the period, IE each assembly plant started with the same sequential number. Thus, the first truck in Kansas City production in 1968 would be assigned C00,000, as the first truck assigned to San Jose would also be C00,000.
