SOLVED: Diagram of cadilac northstar engine - Fixya

I have a 1998 Cadillac Sedan DeVille. It started over heating recently and we had a leak in the radiator so we had a new one put in. That was in January. The car ran fine until a couple weeks ago and it started overheating again. It loses the water or antifreeze because it boils out from under the cap when it gets hot. We put in a new water pump and a new thermostat and that didnt help.
