Free Step-by-Step Instructions on How to Write a Business Plan. Learn More →. A business brief serves different purposes depending on context. It is generally defined as a document that presents reasons why a certain strategy or model will lead to success in a given situation. A business brief is written in a persuasive active voice to persuade clients and companies to invest in your idea or business, similar to the way a legal brief argues on behalf of a client's interests.

How to Write a Business Brief | Bizfluent

Starting the definition of finance, it covers the types of finance, financial instruments used in business, and key concepts like Time Value of Money and Discounted Cashflow. The course is very brief on theory, but at the same time, it includes hands-on practice. Students will be performing a complete project appraisal using DCF methods.

A Brief Course in Modern Math for Programmers. By Icpres Programmers with the classical software engineering background need to learn more mathematics these days. The world is changing; we have to change, too. This book is dedicated to covering the issues that until recently were not very popular in software engineering: logic, monoids ...

A Brief Course in Modern Math for Programmers

In this course, we focus on a pretty short writing assignment, our pitch memo to Coursera. I kept it intentionally short. I've done this for two reasons, one, business writing should always be efficient but also when you're learning something new, it's much easier to apply those lessons to something that's manageable, like our memo.
