This study guide was ok at best. I went into the my final with an A. I did all of the problems in the study guide and I totally bombed. My test included a lot of questions on the Henderson-Hasselbach equation as well as Delta H, Delta G and Delta S. None of those topics were covered well in the study guide. Save your money and study your notes.

Preparing for Your ACS Examination in General Chemistry ...

To successfully pass the ACLS course, AHA requires you to pass a written exam with a score of $\geq 84\%$ and to successfully manage a simulated megacode. A megacode is a hands- on, dynamic, in real time practice of treating a life-threatening cardiac emergency.
