I purchased Mr. Ellman's Selling Cash Secured Puts on Tuesday May 31st and finished reading it on Wednesday June 1st. That's not to say the book doesn't have a lot of information because it is robust. It's just a credit to the quality way Mr. Ellman presents the information in a logical and appealing format that you just want to keep learning more.

Identifying strategy goals, initial time-value return goal ranges, market assessment and technical analysis all go into strike price selection when selling cash-secured puts. A real-life example with WWE explores several strike choices and the pros and cons of each strike price. The BCI Put-Selling Calculator is introduced into this podcast.
