After years of studying and working with dementia care, I developed GEMS™ - a tool to help you conquer challenges and improve your client outcomes. My approach categorizes stages of dementia into 6 different gemstones, each with a unique set of characteristics to highlight what helps—or doesn't help—when caring for someone at that stage.

Dementia Care: The 6 Stages & Gems | MedBridge Blog

Alzheimer's - Challenged and Conquered?: The first book I want to tell you about is the inspirational story of Louis Blank. Can Alzheimer's disease be cured? Medical science says a resounding 'No', but Louis Blank was diagnosed with Alzheimer's and is now symptom free.
