AMADA offers a wide range of down-acting precision press brakes. The eco-friendly HD NT Series is an electric/hydraulic, down-acting system that delivers superior accuracy. This high-performance series features a Hybrid Drive system that is engineered for low energy consumption and requires less hydraulic fluid than conventional machines.

Press Brakes - Press Brake Machines | AMADA AMERICA

AMADA's Fixed Height (AFH) Tooling for the HRB Series is an optimum solution to decrease setup times and increase flexibility. AFH Tooling features a consistent 120mm Punch height that eliminates frequent laser safety device adjustments and allows for safe stage bending across the length of the press brake.
