Learning

The American College of Surgeons (ACS) was founded to improve the care of surgical patients, and it has long been a leader in establishing and maintaining the high quality of surgical practice in North America. In accordance with that role, the ACS Committee on Trauma (COT) has worked to establish guidelines for the care of injured patients.

ATLS - Advanced Trauma Life Support 10th Edition PDF ...

Advanced trauma life support is a training program for medical providers in the management of acute trauma cases, developed by the American College of Surgeons. Similar programs exist for immediate care providers such as paramedics. The program has been adopted worldwide in over 60 countries, sometimes under the name of Early Management of Severe Trauma, especially outside North America. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed

American College Of Surgeons Atls - XpCourse

The Advanced Trauma Life Support (ATLS) Course arose from the zeal and passion of a small group of surgeons intent on improving patient care. In 1976, when orthopedic surgeon Dr. James Styner encountered a woefully inadequate response to the needs of his children injured in a light plane crash in rural
