The MAGIC of Reality How to go BEYOND the Ordinary - Aaron ...

The purpose of this project was to create a communication channel between artist and viewer regarding how elements in the living environment are perceived. I explored the components of my daily routine and transformed them through surrealism. The subject matter was drawn from encounters with people, in a computer environment of various settings, which allowed me to explore imagery beyond the ...

The ride to Nashville was picturesque with its big beautiful trees lining the highway. As the road meandered through the mountain with its jagged rock formations around us, it made our 350 truck feel very small. Our visit was for five nights and it rained for three of them, which didn't leave much room for...

In philosophy, "the Absurd" refers to the conflict between the human tendency to seek inherent value and meaning in life, and the human inability to find any in a purposeless, meaningless or chaotic and irrational universe. The universe and the human mind do not each separately cause the Absurd, but rather, the Absurd arises by the contradictory nature of the two existing simultaneously.
