This is the story of the first black millionaires - six amazing individuals, living barely post-Civil War, who overcame incredible odds to achieve success. They include men who invested in real estate, women who started their own businesses, and women who married into wealth that they then invested wisely.

Black Fortunes is not simply the story of a handful of African Americans who wove skill and good fortune into wealth, it is the story of the world in which they managed to do so. With this volume Shomari Wills has added layers to our understanding of the black past and its implications for the American present.
