climate migration. The securitisation moves and securitisation acts primarily advocate for policy relating to environmental security to be tackled through development by focusing on resilience, and through diplomacy by focusing on multilateralism.

SECURITISING ENVIRONMENTAL CHALLENGES: THE CASE OF CLIMATE ...

This points to the progressive securitisation of migration, which is already problematic but likely to become more so with the onset of the impact of the second factor, climate change.

Climate Change, Migration and Security | Oxford Research Group

By strengthening the climate security coalition, more pressure was put on those states still needing to make ambitious mitigation commitments during the UNFCCC negotiations on the post-Kyoto Framework. The primary countries the FCO targeted at that time were the US and the emerging developing countries (FCO, 2007: 71). But these emerging countries were precisely those overtly rejecting the security narrative on climate change, criticizing the move to discuss climate change in the Security ...
