Precursors to the conga drums include the makuta, yuka, ngoma, and bembe drums. Some of these drums, like the makuta are reserved for religious music, while drums like bembe and yuka were more open to the non-members of a religious order. In Cuba, and many other Latin American countries, conga drums are called tumbadoras.

The conga, also known as tumbadora, is a tall, narrow, single-headed drum from Cuba. Congas are staved like barrels and classified into three types: quinto, tres dos or tres golpes, and tumba or salidor. Congas were originally used in Afro-Cuban music genres such as conga and rumba, where each drummer would play a single drum. Following numerous innovations in conga drumming and construction during the mid-20th century, as well as its internationalization, it became increasingly common for drummers
