The core of Friedman's argument is that, while Washington is the overt capital of the United States, the Dulles corridor west of the city is the "covert capital of the U.S. empire.". (19) It is in this area, stretching from Alexandria to Dulles Airport and bounded on the north by the Potomac River and on the south by Route 236, that the "seemingly natural privacy afforded by the suburbs lent itself to the secrecy beneficial to both the U.S. government and suburban life," making ...

One such non-DC-centered book was published in 2013 by the scholar Andrew Friedman. "Covert Capital: Landscapes of Denial and the Making of U.S. Empire in the Suburbs of Northern Virginia" stands out as a serious application of academic history and landscape studies about the Dulles Corridor. It just may be the first 21st-century attempt to mold a critical perspective on Northern Virginia.

This book treats Northern Virginia—not just DC—as a global ...
