Developments in handwriting and signature identification ...

Pre-writing development is important! I want to make a quick note about some important terminology. In pre-writing development, there is a difference between “imitating” and “copying.” “Imitation” means the child first watches a demonstration of the shape being formed, and then they immediately try to do what they just saw ...

Developmental Progression of Handwriting Skills

Handwriting Analysis Signature: The signature is the first name and surname used at the end of a document to confirm it is authentic. Its goal is to identify ourselves. It is even better if we can produce a signature that is “hard to mimic”. This recommendation goes for young people who start signing legal documents such as contracts, driver licenses, passports and bank papers, among others.
