Economic Activities Of The Khoikhoi

Herding and Hunting. Archaeological excavations revealed the main source of the Khoikhoi's daily nourishment: meat gathered from hunting and herding (CHNM). Bones of sheep, cattle, and seals from as early as 2,000 years ago noted the coexistence between the two disciplines of herding and hunting (Smith). Professor Andrew Smith of the University of Capetown's Department of Archaeology explains, "when a herder lost stock, through theft, drought, etc. he could always fall back on hunting, and ...

Economic Activities Of The Kholkhoi

He believes that the Khoikhoi economy was fragile since they could easily lose their stock through theft, disease or drought. They would then have to fall back on hunting to survive and on raiding cattle from other herding groups in order to recoup their losses.

The Khoikhoi and the San

Though they both had chiefs, the San chiefs' role had little powers, but the Khoikhoi chiefs, to a very smaller extent had powers to convict and punish an offender or criminal. Whereas the San depended largely on hunting and raids, the Khoikhoi cultivated a few crops, domesticated sheep and cattle.

Differences and similarities in the socio-economic and ...

Their traditional economy and social organization have thus changed drastically. Formerly their economy was based on herding, hunting, and gathering. Although some independent families still lead a nomadic pastoral life, the majority have settled and live by selling their labour; they have adopted the material equipment, dress, language, and general mode of living of their Europeanized rural environment .
