Feminism, Law, and Religion - Google Books

A feminist critique of Muslim personal law is provided by Vrinda Narain in Reclaiming the Nation. 63 She argues that the gender bias in Muslim personal law has persisted largely because the leadership of the Muslim community demands that women give primacy to their religious affiliation to the detriment of their gender identity and the state has lacked the political will to confront that leadership directly. In Narain's view,

Full article: Law, religion and gender equality ...

The subjects bring into discussion the transition from religious and non-religious significances and estimates in quest of a right jurisprudence for women, how the theological perceptions arising from religious heritage are applied to legal matters of feminist projects and tasks, as well as on feminist legal studies, from or relating to the Bible, concerning women's rights and the part the religious law has played in women's ecclesiastic journey.

Evaluating feminist views on the role of religion. Not all feminists agree that religion is essentially patriarchal, arguing that many early religions featured prominent goddesses and other female figures. Instead they argue that patriarchal societies have changed religions in order to ensure they reflected and reinforced patriarchal values.

Feminist Views on the Role of Religions | Sociology | tutor2u

Religion is often seen as institutionalizing and perpetuating patriarchy, thus frustrating many advocates for women's rights and equality. Often overlooked, early roots of feminism included religious voices, and faith-based organizations have worked with women and girls in various development activities for decades.

Religion and Feminism: Is Religion an Obstacle or ...

Today, a growing number of feminist faith activists are leading the way in re-examining religious teachings and laws, and advocating for women's rightful participation in the interpretation of religious doctrine. They are generating new narratives about the role of religion and faith in achieving full equality.

RELIGION AND GENDER EQUALITY

In nations with strong religious or customary influences on law, feminists may face difficult issues of how to interpret religious law into language more favorable to women's freedom, how to call upon international human rights norms, and/or how to interpret the language of customary law in a way that enables it to absorb feminist reforms over time (Quriashi 2011).

Feminist Philosophy of Law (Stanford Encyclopedia of ...

Law, religion and gender equality: literature on the indian personal law system from a women's rights perspective Tanja Herklotz Humboldt University, Berlin, Germany ABSTRACT This literature review seeks to portray the scholarship on the feminist critique and women's activism vis-à-vis religion-based family law in India.

Law, religion and gender equality: literature on the ...

Admitting the complexity of the issues, some religious norms and traditions can contribute to the formation of gender inequalities and to subordinate the role of women in society. Using an exploratory quantitative analysis, the influence of religiosity on gender inequality in social, economic and political spheres is examined.

Religion and gender inequality: The status of women in the ...

So the aversion of religious leaders to gender equality may be a specific case of their more general endorsement of social inequality. To be more specific, conservative churches endorse male supremacy in the household for much the same reason that they endorse the power of kings, dictators, oligarchs, and elites.

Why Religion Opposes Female Rights | HuffPost

American feminists have identified law as an instrument of male supremacy since their first national gathering at Seneca Falls, New York in 1848. Critiques of law thus became an important part of the early feminist movement, which succeeded in eradicating the most blatant examples of legal sexism.

Feminist Theory And The Law - Oxford Handbooks

Islamic feminists are utilizing the notion of ijihad to establish interpretations of the Quran which bring to light the gender-egalitarian impulse of the Quran.22These new interpretations then form the basis for demanding full gender equality within Islamic law in contemporary states in the Muslim world.23The project captures the "idea of Islam without patriarchy," 24which guarantees women legal and social rights, equal with men.
