Unlike the other sites on this list, Centsless Books is a curator-aggregator of Kindle books available on Amazon. Its mission is to make it easy for you to stay on top of all the free ebooks available from the online retailer.

General Chemistry 7th Edition By

The seventh edition of General Chemistry continues the tradition of presenting only the material that is essential for a one-year general chemistry course. It strikes a balance between theory and application by incorporating real-world examples; helping students visualize the three-dimensional atomic and molecular structures that are the basis of chemical activity; and developing problem-solving and critical thinking skills.

General Chemistry: The Essential Concepts 7th Edition

The Seventh Edition provides a concise and streamlined narrative that blends the quantitative and visual aspects of chemistry, demonstrates the connections between topics, and illustrates the application of chemistry to their lives and careers. New content offers a better bridge between organic and biochemistry and general chemistry content, and new and improved pedagogical features make the text a true teaching tool rather than just a reference book.
