Archaeology - Forager Wiki

The best way to know if you really want to become an archaeologist is to attend a field school. Every year, most universities on the planet send their archaeologists out with a few to a few dozen students on training expeditions.

How to Become an Archaeologist--Finding a Career Path

Archaeology, or archeology, is the study of human activity through the recovery and analysis of material culture. Archaeology is often considered a branch of socio-cultural anthropology, but archaeologists also draw from biological, geological, and environmental systems through their study of the past. The archaeological record consists of artifacts, architecture, biofacts or ecofacts and cultural landscapes.

Archaeology - Wikipedia
