### Tricks of the Trade C()NCEPTS

Howard S. "Howie" Becker is an American sociologist renowned for his qualitative research into the lives of those otherwise classified as deviant, and for revolutionizing how deviant behavior is studied and theorized within the discipline. The development of the subfield focused on deviance is credited to him, as is labeling theory. He also ...

### The Life and Work of Howard S. Becker - ThoughtCo

Those concepts were broadened in Tricks of the Trade (1998), which discussed effective and meaningful research methods in the social sciences. Becker's later books included What About Mozart? What About Murder?

### Howard S. Becker | Biography, Books, & Facts | Britannica

In Tricks of the Trade, Becker outlines his ideas on sociological methods. The book focuses on Becker's belief that it is impossible to establish a method of research independent of the situation it is being used in. [2] According to Becker, the principles of social research he describes in the book are based primarily on what he learned from his professors and colleagues at the University of Chicago. [18]
