Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Unsurprisingly, this massive construction vacillated between the subdued hues of Sumatran nature and vibrant Tokyo flash. Visitors were compelled to gingerly pick their way through this labyrinth (taking care to avoid injury against low-slung piping and heavy lightboxes), which evoked the uncanny sensations of both breaking trail through dense ...
