### Introduction To Data Mining With

Here in this article, we are going to learn about the introduction to Data Mining as humans have been mining from the earth from centuries, to get all sorts of valuable materials. Sometimes while mining, things are discovered from the ground which no one expected to find in the first place. For example in 1898, during the excavation of a tomb to find mummies in Saqqara, Egypt, a wooden artifact was found which exactly resembled an airplane.
