Answer this question. Answers. Best answer: Yes, you can use just one for either calls or music. Keep in mind though that the right one is the only one that can connect to your device and so the left one won't work if the right one is put away in the case. So ideally you would use the right one in if you are only using one, but the only issue I ran into was that the controls to activate your phone's voice assistant is on the left earbud.
