The Leica Geovid R binoculars concentrate on essentials – a high-performance optical system, reliable distance measurement and ballistic angle compensation. What’s more, the Geovid R models offer comfortable viewing for longer periods of observation, classical, ergonomic design for optimum grip and fatigue-free viewing, as well as uncompromising quality in construction and finish.

Leica Geovid 10x42 R Rangefinding Binocular – Outdoorsmans

How do you choose the right Leica binoculars? With binoculars, the higher the magnification, the steadier that your arms have to be. If you are considering a magnification above 12, you will need to also use a tripod or a stand to hold the binoculars. For good magnification with manual handling, a 7x to 12x magnification is fine.
