This course provides students with decision theory, estimation, confidence intervals, and hypothesis testing.

It introduces large sample theory, asymptotic efficiency of estimates, exponential families, and sequential analysis.

Mathematical

Statistics And

Data Analysis

Ebook

Statistics is a collection of procedures and principles for gaining and processing information in order to make decisions when faced with uncertainty.

This course is concerned with “Mathematical Statistics”, i.e., mathematical ideas and tools that are used by statisticians to analyse data.
