A History of Mathematical Thought from Ancient Times to ...

Mathematics in ancient Mesopotamia Until the 1920s it was commonly supposed that mathematics had its birth among the ancient Greeks. What was known of earlier traditions, such as the Egyptian as represented by the Rhind papyrus (edited for the first time only in 1877), offered at best a meagre precedent.

Mathematics - Ancient mathematical sources | Britannica

According to the book "Mathematical Thought from Ancient to Modern Times," mathematics as an organized science did not exist until the classical Greek period from 600 to 300 B.C. There were, however, prior civilizations in which the beginnings or rudiments of mathematics were formed.

A Timeline History of Mathematics - ThoughtCo

The most ancient mathematical texts from Mesopotamia and Egypt are from 2000 to 1800 BC.

History of mathematics - Wikipedia

Though mathematical knowledge is ancient, stretching back to the Stone Age, the evolution of mathematics to its current modern state has seen fundamental changes in concepts, organization, scope, outlook, and practice. Without understanding the evolution of mathematical thought, it is difficult to appreciate modern mathematics in its contemporary, highly specialized state.
