### Mazes And Labyrinths Their History

There are labyrinths that consist entirely of rooms and columns, like the Egyptian Labyrinth itself. There are the labyrinths of ancient history and of myth, such as the celebrated Cretan maze in which Theseus slew the Minotaur. There are labyrinths constructed of caverns, those built to protect tombs, and those designed to guard treasures.

### Mazes and Labyrinths: Their History and Development ...

It's a nice brief and concrete history of various types of mazes. It does cover many of the possible meanings of labyrinths and the Minotaur legend, but without too much speculation. I've also found the book is referenced by several modern scholars and mystics, so it's a nice starting place for your personal journey into the labyrinth.

### Mazes and labyrinths - a general account of their history ...

The word "maze" dates from the 13th century and comes from the Middle English word *mæs*, denoting delirium or delusion. The word "labyrinth" may date as far back as the 14th century, and derives from the Latin *labyrinthus* and the Greek *labyrinthos*, or, a building with intricate passages.

### A Brief History of Mazes - National Building Museum

A Brief History of The Labyrinth Most people are familiar with mazes, especially those built of hedges, such as the famous example at Hampton Court, with their complex patterns of pathways, intended to confuse the visitor.

### A Brief History of the Labyrinth - The Labyrinth Builders

In Greek mythology, the Labyrinth (Greek: Λαβύρινθος, *Labýrinthos*) was an elaborate, confusing structure designed and built by the legendary artificer Daedalus for King Minos of Crete at Knossos. Its function was to hold the Minotaur, the monster eventually killed by the hero Theseus.

### Labyrinth - Wikipedia

The first recorded history of labyrinths came in the 5th Century BCE when Herodotus wrote of an Egyptian Labyrinth in Book II of his Histories. The labyrinth was located near the "City of Crocodiles" (Faiyum), which he claimed surpassed the pyramids in grandeur.
