Media and Culture Introduction Media is the joint communication tools or outlets that are used for storing and delivering data or information. It is either related to communication media, or the established mass media businesses like broadcasting (television and radio), cinema, advertising, photography, the press, publishing, and print media.

Media And Culture, Essay Sample
While much of our curriculum focuses on cinema, we cover a range of other media, including television, video art, video games, online video, websites, and emerging digital forms. We treat such media both as aesthetic forms and sites of cultural practice, considering how different media shape social relations and our perspective on the world. In FMMC, media are seen as both creative forms and ...
