Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Mirrors Stories Of Almost Everyone

The old adage that history is written by the winners does not apply to Eduardo Galeano's Mirrors: Stories of Almost Everyone. In this book of short vignettes, some only a few sentences and none longer than a page, Galeano traces the world's history from the first hunter gatherers to the dawn of the twenty-first century through the eyes of slaves, women, colonized natives, defeated rebels, and other powerless people.
