Nano, Medical, Fiction, Novel, Robin Cook - Robin Cook

This is the premise of Robin Cook's new medical thriller, Nano. As always, we have a big bad corporate head who is involved in some shady medical dealings and we have the heroine, who is a gorgeous young thing with a good heart One of the newest areas in medical technology is bioengineering and nanotechnology.

Nano (Pia Grazdani, #2) by Robin Cook

Robin Cook is the master of medical thriller and I love all his books. Robin Cook is a genius. I am giving 5 stars. the only dissapointment was that the end was not very definite , adn it would be good if the heroin would be resurrected in the next book and continue.I would prefer happy ending.
