Narratives of Free Trade Book Description: The twelve essays in this collection focus on the first commercial encounters between an ancient China on the verge of systemic social transformations, and a fledgling United States, struggling to assert itself globally as a distinct nation after the Revolutionary War with Great Britain.

### **Narratives of Free Trade: The Commercial Cultures of Early ...**

In early accounts of these encounters, commercial activity enabled cross-cultural curiosity, communication and even mutual respect. But it also involved confrontation as ambitious American traders pursued lucrative opportunities, often embracing British-style imperialism in the name of "free trade."

### **Narratives of Free Trade: The Commercial Cultures of Early ...**

Narratives of Free Trade joins a growing literature concerned with unraveling how Americans' engagement with China and Chinese engagement with Americans shaped each nation, and in turn how these encounters shaped the modern global system. By mobilizing new and old forms of analysis in service of this project, and by putting scholars of the United States and China into conversation, the book opens up new vistas for exploration and expands a field that we can expect will continue to grow for ...

## **Narratives of free trade : the commercial cultures of ...**

Free Trade Definition Free trade is a largely theoretical policy under which governments impose absolutely no tariffs, taxes, or duties on imports, or quotas on exports. In this sense, free trade is the opposite of protectionism, a defensive trade policy intended to eliminate the possibility of foreign competition.

Free trade eliminates tariffs and makes corporations more competitive in foreign markets. Many critics of free trade question whether it is beneficial for countries.

### **What is Free Trade? - Definition, Pros, Cons & Examples ...**

Even Obama, who was skeptical of free trade as a candidate, was thoroughly converted by 2016, when he wrote an essay for the Economist extolling free trade as a way of expanding opportunity for working Americans. The Trump administration's trade agenda, by contrast, is focused on expanding U.S. exports rather than reducing barriers to free trade.
