The Basic News Structure. Writing the news takes practice and skill that requires you to gather the necessary information that the public needs to be aware of. Most, if not all journalists follow a specific format called the inverted pyramid wherein the most important information is written first all the way down to the least important information.

Good, clean news-writing is important, but all the writing skills in the world can't replace thorough, solid reporting. Good reporting means answering all the questions a reader might have and then some. It also means double-checking the information you get to make sure it's accurate. And don't forget to check the spelling of your source's name.

Tips for News Writing . Generally speaking, the lede, or introduction to the story, should be a single sentence of 35 to 45 words that summarizes the main points of the story, not a seven-sentence monstrosity that looks like it's out of a Jane Austen novel.; The lede should summarize the story from start to finish. So if you're writing about a fire that destroyed a building and left 18 people ...
