"On the Edge of Empire" is a well-written, carefully researched, and persuasively argued book that delineates the centrality of race and gender in the making of colonial and national identities, and in the re-writing of Canadian history as colonial history. Utilising feminist and post-colonial filters, Perry designs a case study of British Columbia.

“A great Empire, like a great Cake, is most easily diminished at the edges,” observed Benjamin Franklin, shortly before the American Revolution. In *An Empire on the Edge*, British author Nick Bunker delivers a powerful and propulsive narrative of the road to war. At the heart of the book lies the Boston Tea Party, when the British stumbled into an unforeseen crisis that exposed deep flaws in an imperial system sprawling from the Mississippi to Bengal.

### **On the Edge of Empire | Fandango**

Living on the Edge of Empire is constructed around a series of essential, thematically-based questions: What does this site and event teach us about the complexities of the American colonial period? How did Deerfield, a community at the edge of the English empire, become the epicenter of international conflict at the turn of the 18th century?

### **Thematic Overview - Living on the Edge of Empire**

Edge of Empire, is in fact more of a military than a general history of the area between the Somme and the Weser in the Roman era. This is of course due to the remaining evidence, which mostly focuses on warfare.
