Select manual retune or manual search. If you're prompted for a code, try 0000 or 1234. When your device asks for a channel number (frequency), type it in. You'll find this information in the 'Now' row and 'N' column of the table of your most likely transmitter, in the detailed view of the Freeview Checker (below the channel icons):

My old OnDigital box used to have a digi-clock display on the front - that would have been useful on the Audioline box as well. Now that crashing and subtitles are fixed I have no complaints. I would recommend this box as a cheap off the shelf freeview box from Asda (but upgrading the firmware to v2.8 is a must!)

REVIEW: FreeviewPlus digital set-top box

Right, nearly a week into owning the Polaroid FLU-3232 I thought I would share my impressions. Picked one up for £400 in Curry's, did absolutely no homework on it, I was going to buy the Hannspree JT model, but after the complaints about light-bleed and VGA problems I bought this as it would be easier to return if there were any problems.

Polaroid FLU-3232 Review | AVForums

Reset the Polaroid television manually by turning the TV off and unplugging it from the wall outlet. Disconnect any external devices such as gaming systems or DVD players. Leave the television off for a few minutes. Plug it back in. Wait another minute and then turn on the television.
