European Journal of Engineering Education, p.

Project-Based Learning (Chapter 19) - The Cambridge ...

Project-based learning is an overall approach to the design of learning environments. Learning environments that are project-based have five key features (Blumenfeld et al., 1991; Krajcik, et al., 1994; Krajcik, Czerniak, & Berger, 2002): 1. They start with a driving question, a problem to be solved. 2.

CHAPTER 19 PBL Kraichik - Daley D Ose of Learning

In the spring of 2008, my colleagues and I were approached by a local university to participate in designing a project-based learning course. Our team researched PBL, met with experts in education, and set about the task of designing a course driven through projects. The intention was to give students authentic roles and engage them in solving ...
