(Opposing Viewpoints ...

Occupy Wall Street is the newest thing on the US political scene...but not as new as it might seem. As an activist in and observer of the Free South Africa movement during the 1980s, I can see poignant similarities in the strategies and tactics of the young people in the Occupy Wall Street movement.

Not all politicians and economists find income inequality to be a concerning issue. Many consider income inequality to be a natural consequence of a free market economy. Far from believing that income inequality hinders social mobility, inequality of outcome allows a remarkably fluid income distribution.
