### Renault Master Complete Engines for sale | eBay

The G engine was designed in the late 1980s to be a modular family of overhead camshaft inline 4- and 5-cylinder petrol and diesel engines. A G7R petrol and a G8T Diesel variant were in development when Renault announced a merger with Volvo who was designing its own modular family along the same lines. The group decided to cancel the petrol versions, but diesel production started in 1993 and ...

The original Renault Trafic was sold from 1980 to 2000, and was somewhat revised and updated during its lifetime. Originally, the van had some variations in the front end shape depending which engine was fitted, with the original 1397 cc motor fitting behind a flat grille, and the 2.1 litre diesel engine and larger 1647 cc petrol engines requiring an extended plastic grille and deeper bumper.
