### **SEC617: Wireless Penetration Testing and Ethical Hacking ...**

I just got back in town from Joshua Wright's Wireless Penetration & Ethical Hacking class, SANS SEC617. The class was phenomenal! Not only that but Josh is a fantastic instructor and overall great guy. He is probably the nicest SANS instructor I've had the pleasure of facilitating for. That is saying alot too as Ed...

### **SANS SEC617 Wireless Penetration Testing & Ethical Hacking ...**

In the spirit of the "challenge-response" themes involved in wireless crypto covered by SANS SEC-617, I think it'd be fun to make a relatively easy challenge exercise out of it (but not necessary in the form of a technical question on wireless security).

### **GAWN passed — TechExams Community**

The GAWN certification is designed for technologists who need to assess the security of wireless networks. The certification focuses on the different security mechanisms for wireless networks, the tools and techniques used to evaluate and exploit weaknesses, and techniques used to analyze wireless networks.
