Unlike other books, Steven Casey's Set Phasers On Stun (Aegean 1993) is not a textbook that defines the principles of human factors, but rather a series of cases that have occurred due to the lack of human factors in the design of a product. Many people believe that "human factors is the latest aspect in our technology."

### **The Internet Encyclopedia of Technology and Culture**

The methods used are general techniques that can be applied to other injury scenarios, but would be better if employed earlier in a product's life cycle to prevent or limit injury. The last chapter offers some broad take-away points that cut across several of the case studies.
