Shimadzu LCMS-2010 Training Manual - Iowa State University

The LC-2010 incorporates a solvent delivery unit, autosampler, column oven, and detector. To produce a synergistic effect between the various units in the integrated system, we wondered whether an auto purge function could be added to the high-pressure 6-way valve for sample injection in order to resolve the issue of draining the solvent delivery unit, which had been a barrier to automation.

Shimadzu introduced its first digital integrator in 1969. Since then Shimadzu has been a leader in the field of processing of chromatographic data. The microprocessor controlled Chromatopac series starting with the C-R1A and continuing today with the C-R8A is a continuation of that history. Shimadzu has also advanced over the years in the field ...
