## System Answer

developmental  
phenomena at two  
levels of organization.

One is the level of  
individual cells, in  
which the cells that  
make up a tissue  
undergo increasing  
specialization through  
a process called  
cytodifferentiation (see  
discussion of  
restriction,  
determination, and  
differentiation, [ p. 85  
]).
