Your Sylvania TV or other electronics are reliable and high-quality equipment that should last you many years. Unfortunately, the remote controls may give out before the main unit does due to the rough daily use they receive. Being dropped, played with by kids, chewed on by the family dog, constantly pressing buttons can be some of the reasons ...

I'm servicing a Funai (Sylvania) tv set model SST-4324. I have the service manual for the tv. I had to replace the tuner on the pc board because the cable connector had pulled from the tuner. After tuner replacement the picture shows the selected channel but has two areas of saturated color in the upper left and right corners. Ideas???

I have a Sylvania TV "SRT2432p" which stopped acknowledging signal from the remote. Sears wants nearly as much to repair the TV as it cost to begin with. I took it to an authorized Sylvania repair center who diagnosed it as needing a new processor. Funai claims that they cannot specify the processor part # because it was made for Sears.
