The Electoral College is widely known as a "winner take all" system because the winner of the popular vote in each state gets all of the state's electoral votes. That is, with the exception of...

Electoral College 2020, votes explained: What is it? Who ...

It is important to note that the electoral college is not a place but a process. After the November election, each state's governor (or, in the case of the District of Columbia, the city's mayor) submits a Certificate of Ascertainment to Congress and the National Archives, listing the names of the electors for each party, the total votes received by those parties, and the names of those who have been appointed to serve as state electors.

How Does the Electoral College Work? | Britannica

"The Electoral College may not be the best way to achieve majority rule, but that's what they were trying to accomplish," said Foley. "They thought they could create a system where they were obligated to get a majority of electoral votes by winning majorities at the level of the states." The important word here for him is the word "majority."

The What And Why Of The Electoral College

The Electoral College consists of 538 electors. A majority of 270 electoral votes is required to elect the President. Your State has the same number of electors as it does Members in its Congressional delegation: one for each Member in the House of Representatives plus two Senators. Read more about the allocation of electoral votes.

What is the Electoral College? | National Archives

The system calls for the creation, every four years, of a temporary group of electors equal to the total number of representatives in Congress. Technically, it is these electors, and not the...

What Is the Electoral College and Why Was It Created ...

The Electoral College is made up of 538 electors who cast votes to decide the President and Vice-President of the United States. When voters go to the polls on Tuesday, they will be choosing which candidate receives their state's electors. The candidate who receives a majority of electoral votes (270) wins the Presidency.

If the Electoral College synchronized with the outcome of the direct democratic national vote tally every election, it wouldn't need to exist. It isn't a loophole; it is a bulwark.

This election only reinforced the value of the Electoral ...

The Electoral College is a political abomination. As I have written before, rather than protecting the influence of small states, it grants overwhelming power to a handful of states that randomly happen to have a close partisan balance, which are mostly fairly large. Worse, it allows popular vote losers to win — which has happened twice in the last 20 years.

The Electoral College is only getting worse

The Electoral College, explained In article two of the US constitution The framers spelled out how the chief executive is chosen They laid out the rules for elections

They Might Be Giants explain the Electoral College in a ...

How did we get the Electoral College? The Founding Fathers established the Electoral College in the Constitution, in part, as a compromise between the election of the President by a vote in Congress and election of the President by a popular vote of qualified citizens. However, the term “electoral college” does not appear in the Constitution.

Electoral College History | National Archives

As Alexander Hamilton explained in Federalist #68, the Electoral College was supposed to prevent a certain type of individual from elevation to the office of President. The description of the undes...
