The study of mass media effects has a long and storied history that predates the existence of the communication discipline itself. Yet, its breadth and scope have made it challenging for the area to gain coherence. This chapter's goal is to review the historical roots of media effects research and the most... [0-9]

SAGE Reference - The Handbook of Communication Science

Description Handbook of Media Economics provides valuable information on a unique field that has its own theories, evidence, and policies. Understanding the media is important for society, and while new technologies are altering the media, they are also affecting our understanding of their economics.

Handbook of Media Economics, Volume 2V - 1st Edition

The Social Media Handbook explores how social media are changing disciplinary understandings of the internet and our everyday lives. In addition to person-to-person social networking services like Facebook and Twitter, this volume considers a broad range of networked information services that support in-depth social interaction, community formation, and collaboration in the Web 2.0 era.

The Social Media Handbook - Google Books

Feminist media theory relies on feminist theory. That is, it applies philosophies, concepts, and logics articulating feminist principles and concepts to media processes such as hiring, production, and distribution; to patterns of representation in news and entertainment across platforms; and to reception.
