Neuro-linguistic programming (NLP) is a pseudoscientific approach to communication, personal development, and psychotherapy created by Richard Bandler and John Grinder in California, United States, in the 1970s. NLP's creators claim there is a connection between neurological processes (neuro-), language (linguistic) and behavioral patterns learned through experience (programming), and that ...

Neuro-linguistic programming - Wikipedia

This isn't an NLP book per se, but Tony Robbins' training with John Grinder and intensive work with NLP in his early days ensures that all of his work is imbued with NLP material. Tony didn't invent the basic NLP concepts in this book -- Bandler and Grindler did in the late 70s. There are perhaps smarter NLP people than Robbins.
