Cashman, all too often. That is why he wrote this brilliant book, the Pause Principle. In it, Cashman articulately and persuasively makes the case that to make the most out of our leadership, we need to take a step back to gain perspective and clarity. I've had the privilege to have access to an early version of The Pause Principle.

Pause is a universal principle inherent in living, creative systems. It is part of the order, value and growth that arises from slowing down and stepping back. Like any valuable resource, yet unrecognized and therefore neglected, we have to explore and discover its pragmatic uses in order to experience its value-
