The Savage Earth The Vampire

The Savage Earth delivers action, adventure and intrigue in an uniquely imagined post apocalyptic future. Blending together elements of science fiction and fantasy (with a splash of horrific vampire), this novel defies genre classification. Instead, this novel is simply best described as an exciting and entertaining read.

The Savage Earth (Vampire World, #1) by P.T. Hylton

But are the vampires the true enemies? Humans have always been their own worst enemies....faced with the destruction of all life on the surface of the earth, the last human survivors took to the skies in a massive airship. And now after a hundred fifty years they are in conflict over the possibilities of returning to the surface.

Cities have been reclaimed by nature, and the planet is quiet and empty by day. At night, feral vampires—more beast than man—roam the lands, hungry for blood. The few thousand surviving humans live on a massive airship that circles the Earth, moving with the rotation of the planet so it's always in sunlight.
