Service parts are those that need replacing after excessive wear-and-tear. For example, brake pads/discs, windscreen wipers, air/oil filters, etc. These usually happen during a service, hence the name. Spare parts is a generic term for all parts that can be used as replacements. A wing, door mirror, wish-bone, indicator, bumper, etc, etc.

What's the differences between service parts and spare ...

• To search for parts, enter the serial number or model in the search bar which can be found in the upper left of your screen. • Navigate the list of categories and diagrams to find the parts you need. • Add parts to your list by selecting the 'plus' icon next to each item. • Print the list and take it to your nearest dealer.
