There has never been a tree drawn with as much classic power - as Peter McCarty's tree in The Tree in the Courtyard. Jeff's words will haunt you - about the friendship between a young girl and a tree, in the midst of one of the most horrific tragedies the world has ever known. This book is what picture books were meant to be!

Japanese maple. *Acer palmatum*, or the Japanese maple, is a common selection for inner courtyards, and rightly so. It is a relatively small tree, easy to prune and quite clean in its appearance. It does well in cooler shaded areas, making it suited to sheltered courtyards, and has beautiful foliage and autumn colours.

Under the orange trees there is a large aljibe (water tank) that provided water for the Muslim's purifications. In the 13th century palm trees were planted. Its from the 15th century when we know of the existence of the orange trees at this courtyard. In the 18th century olive and cypress trees were added.

You want a tree to provide shade in a small, confined courtyard. You are concerned about the foundation and the walls. These are valid concerns and create constraints in choosing which trees to use. A small tree or large shrub trained into tree form may be the best choice. The New Mexico olive is one possibility.
