Animals Used for Clothing. Every year, billions of animals suffer and die for clothing and accessories. Skin is torn from them to make leather, birds are held down while handfuls of feathers are ripped out of their sensitive skin, and small animals are caged for life before being killed for their fur. Sheep are often beaten and mutilated by workers stealing their wool and their skin for shearing.

About the Book. An expose on the fashion industry written by the Observer's 'Ethical Living' columnist, examining the inhumane and environmentally devastating story behind the clothes we so casually buy and wear. Coming at a time when the global financial crisis and contracting of consumer spending is ushering in a new epoch for the fashion industry, To Die For offers a very plausible vision of how green could really be the new black.

### To Die For: Is Fashion Wearing Out the World ...

A Dress to Die For completes the story of Laura Carnegie, a young pattern-maker working in the New York garment industry. This was a great book I really enjoyed reading it. I also liked that there were no real issues with grammar or typos. Laura now has her own clothing line with her sister and but shares space with Jeremy.
