Although, railway mania differed from most negative economic affairs, as the event sparked interest in the railways and began rapid construction throughout the country. This is significant, because in just two short years 1844-1846, 6,220 miles of railway were built. Traveling on Victorian Trains

Railways During the Victorian Era | Worldwide Rails

Victorian trains and railways played a huge role in the Industrial Revolution and the enormous economic and social changes that took place during the Victorian era. Before rail travel, goods and materials were transported using canals and roads but these were too slow and ill-equipped to cope with the dramatic growth of British trade and industries.
